

**EVENT NAME : KNOCK STALK**  
**EVENT TYPE: CULTURAL**

**DESCRIPTION:**

Do you love stalking celebrities? Have you ever wished to be a detective and follow each and every activity of some of the world's most celebrated people without getting caught? If yes, then IIT TIRUPATI brings this event for you!!!

KNOCK STALK gives you a chance to showcase and hone your detective skills! The basic idea behind this event is as simple as solving riddles, clues and puzzles to identify the celebrities and their posts.

Initially, at the start of the event, the participants will be given the first riddle/clue. That riddle will be about a celebrity and one of his/her posts on his/her instagram feed. The participant will have to first identify that person and then the respective post/story. The hint about the post may be in terms of number of likes/caption/ any other particular thing about that post (say the location/ campaign shown in that).

After cracking the first riddle, the participants will head to the post. There, in the comments section, they will find an official comment by the Treasure Hunt team which will be the next riddle/ clue for the next post. The participants will have to like the post and our comment so that we get to know that they visited there. They will also have to respond to our comment by saying "HURRAH" The second riddle will lead them to the second post and the process will go on for upto **eight** posts and clues.

The participants will be competing individually for the prize money.

**RULES:**

1. The participants must tell us their instagram id through which they will be participating at the time of registration so that we can keep a track.
2. They will have to follow our official instagram account **@tirutsava.iittirupati** so that they can see the next riddle in the comments section easily.
3. There will be eight riddles which have to be solved in maximum two hours.
4. The participants will have to like the **celeb's post**, **our comment**, and will have to comment **"HURRAH"** in reply to our comment. The fate of such participants who fail to do any one of the three things mentioned above will depend on the discretion of event coordinators.
5. The participants must go on solving riddles sequentially. In case the participant misses any one of the previous posts in the sequence and by chance likes any further post, he/she will be disqualified because that would imply that they could not solve the respective riddle correctly.
6. The starting riddle will be displayed on the official website of IIT TIRUPATI Tirutsava (<http://tirutsava.com/events/cultural>) at the time of starting of the event.
7. The event will be closed exactly after two hours of the start time and the final results will be decided on the basis of the situation at that time only.

8. No one is allowed to write the answer of the riddle in the comments section. If any participant does that, he/she will be disqualified. If by chance, some random person other than participants does that, the hint will be considered null and void.

**JUDGING CRITERIA:**

1. The participant who reaches the last post first, will be the winner.
2. In case no one is able to complete the hunt, the participant who solves the maximum number of riddles will be the winner.
3. In case more than one participant solves an equal number of riddles, the participant who commented first, will be considered the winner.

**ENTRY FEE:** Free

**EVENT DATE:** 26 feb

**EVENT TIME :** 6:00 p.m - 8:00 p.m

**REGISTRATION CLOSE:** 25th Feb 2021, 11:59 pm

**SUBMISSION MAIL:** Not applicable

**CASH PRIZE:** Rs 1500
