

Ignite

A workshop for school students

Blurb:

Ignite is an initiative by Tirutsava to provide exposure to school students of classes 9-12 to a career in engineering. Over two days, the workshop will cover the following aspects:

- a) Appreciating the importance of engineering and engineers in society
- b) Understanding the bridging link between high school subjects and engineering
- c) Preparing for JEE: Motivation and Perseverance
- d) Life in IIT and beyond

The speakers, who are alumni of IIT Tirupati, will be covering these topics in great detail while giving each branch's flavor and helping students make an informed decision for their career. Along with this, we have arranged distinguished lectures by professors of IIT Tirupati, who have decades of experience under their belt. Through this exercise, we aim to increase awareness among students and guide them in achieving their ambition.

Details:

- 1) Registration fees: Rs. 100 per person
