

Enigma 4

Event:

Enigma is a competitive ciphering and deciphering heist while looking for clues in the gigantic internet universe. Explore some amazing corners of the web- battling out puzzles and reading between the lines. Got stuck on some questions? Work your way out through your search engines!

Goal

Enigma as a medium is our way of exposing the participants to a myriad of exciting places on the internet. We strive to provide an unparalleled experience similar to an open world game — explore the depths of the internet for clues, crack mind-bending puzzles, and get to know more about the rad things people are doing in the world.

Every team's journey is unique and depends on how they approach a problem. Every question has a unique solution and it doesn't matter what path you take, it's important to remember **what** you're looking for. It's easy to get lost, you see.

Rules:

ENIGMA will be conducted in two rounds: Preliminary and Finals, both online. Prelims will be an elimination round (check timings below).

For n teams participating in Prelims, $\lfloor n/2 \rfloor$ will be selected for the Final round.

- Use of the internet is allowed and necessary
- Solving questions requires you actively searching the internet
- All the answers should be in lowercase letters and without any spaces however hyphens are allowed
- The responsibility of submitting the quiz before the time ends lies with the participants
- Rankings will be evaluated based on marks scored by the teams and on the time of the submission
- All clues and hints point to only one answer

Team

Every team should contain no more than three and no less than one member.No participant should be common to any other team.
