DESCRIPTION

Hola amigos!!
"Watch out.These boys have got a bit of an arsenal and they **don't** mind using it.
So "Gear up!We 're going in.
If you're a hardcore fan of first-person shooter games and take pride in knowing the difference between an M16 and an HK 416, then you have come to the right place. Tirutsava presents a golden opportunity to showcase your skills in the game of CS: GO.

What are you waiting for? It's time for some action!

We will follow the game's competitive mode during the tournament, the classic that put Counter-Strike on the global gaming scene. It will be a knockout tournament with the matches conducted on a private server. Two teams of five compete in a best-of-30 match following standard competitive mode rules. Players must purchase armor, weapons, defuse or rescue kits, and manage their in-game economy to maximize their winning chances. The first team to win 16 rounds in either Bomb Defusal or Hostage Rescue modes wins the match.

Playing :

Qualifier round (Knockout matches)

Teams will compete in a best of 10 round match

Round1: 64 teams fight for 32 spots

Round2: 32 teams fight for 16 spots

Round3: 16 teams fights for 8 spots

Group round Top 8 (League matches)
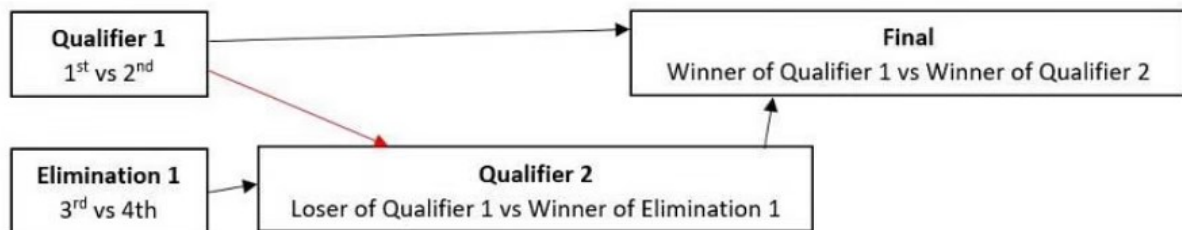

Teams will compete in a best of 12 round match

In this stage, the remaining 8 teams will be divided into two groups of 4 teams each.The winners and runners-up from each group will get to play in the next round.

Group A - Team A, B, C, D
Group B - Team E, F, G, H

Last round :

Teams will compete in a best of 15 round match

Playoffs format will be changed according to no. of teams participating.

Rules :

1) Decisions taken by the Coordinators will be final and binding.
2) Coordinators have the right to ban/kick any player without prior notice.
3) Hacking, misbehaving with anyone is not allowed and can lead to disqualification.
4) In general, all scripts are illegal except for buy, toggle and demo scripts.
5) Violations of this rule will lead to disqualification of the team. If in a team even 1 player found playing with wrong client settings the whole squad will be disqualified .
6) Any claims of connectivity issues during the game from the player's will not be considered.
7) Players are required to take screenshots of their match results and video recording in case they find someone cheating in the match and they could submit it to respective authorities.
8) To ensure no one uses scripts or hacks, we'll have a few observers monitoring each player.
